

RISK IMPROVEMENT

At The Accel Group, we'll help you evaluate your risk and work along side you to implement leading practices for driving improved results through risk management solutions. We stay on top of legislation, compliance, and rules regarding workplace safety and can provide a wide variety of OSHA resources and safety training.

CLAIMS CONSULTING

Our licensed Claim Advocates will provide you with an in-depth understanding of the claims process and help you navigate through the complexities related to your losses. From reporting losses to your insurance carriers through the resolution of your claim, we will ensure that your claims are handled promptly and fairly.

HR CONSULTING

Human Resources is always evolving in the modern business world. Our team assists your business in staying current with modern HR trends. Whether you need guidance on salary benchmarking, an employee handbook, or a library of HR documents at your finger tips, we have you covered.

The Accel Group's top priority is to help protect your business from loss. Our team of licensed professionals will provide you with a comprehensive plan that helps minimize risk, have the right policies in place and manage loss effectively. An important piece of loss control is preventing loss before it happens. The Accel Group offers extensive risk improvement services including OSHA compliance assistance, annual safety training and Risk Institute seminars. Although we aim to eliminate loss before it occurs, we understand that accidents can happen.

In the event of a loss, we manage the entire claims process so you can focus on resuming normal business operations. We are dedicated to meeting your specific needs and assist you with receiving satisfactory and prompt resolution to every claim. This unique and integrated approach to managing our client's risk is designed not just to prevent and control loss but to improve the overall efficiency of your business.
